Some surprises and upsets inevitably will develop as the returns are counted Tuesday night and in the early hours of Wednesday. But this is how the political picture appears to shape up, with the election close

Vote No On Question 1

If you want to give the State Legislature a blank check to increase your State income taxes, you should vote "Yes" on Question No. 1 on next Tuesday's election ballot.

If you believe your State income tax should be a graduated one, rising in proportion to the taxable wages you earn, as the federal tax does, you should vote "Yes."

you can stand, the thing to do is vote "No."
Whether you vote "Yes" or "No," do it with your eyes open and realizing the significance of the vote

Don't be confused or misled by arguments that the passage of this referendum will simply enable the Legislature to study the question of whether a grad-

uated State income tax should be enacted. That's too ridiculous to deserve comment. You can be absolutely certain that the approval of this referendum will be construed by member the Legislature as a public mandate for a graduated

State income tax. You can be sure, too, that it will be accepted by the legislature as an invitation to raise taxes.

Exactly what kind of a graduated income tax would be adopted if the referendum is approved is uncertain because this is a "pig-in-a-poke proposition. Nobody really knows what kind of bill the Legislature would enact.

Most authorities, who have studied the matter, come up with the educated guess that anyone who earns more than \$5000 a year probably would be hit a graduated income tax.

Since most persons are not disposed to stab themselves purposely in the pocketbook, it would be safe to assume that the graduated tax referendum would defeated-except for three factors.

One is that a great deal of misinformation has been issued to the public concerning this referendum. probes he has conducted. The second is that many persons, when uncertain about a referendum, are disposed to vote "Yes" on it.

vote at all on a referendum. If you don't want to give the Legislature a blank check on raising your State income taxes—if you don't can Ernest W. Brooke. relish the idea of paying more income taxes—take the time to vote "No" on Question No. 1 next Tuesday.

Political Highlights

Edward M. (Ted) Kennedy should roll up a big plurality over George C. Lodge in their contest for a seat in the U.S. Senate. Ted probably will win in runaway fashion.

The polls will indicate about a 400,000-vote margin for Ted, with his plurality going above or below that figure, depending on the size of the turnout.

Stuart Hughes probably will poll about 50,000 to 60.000 votes. Present indications are that he will not get as many votes as he did nomination signatures. The Cuban showdown cost him some support, and he never had much anyway.

President Kennedy's masterful handling of the Soviet threat in Cuba, which sent his prestige skyrocketing to an all-time high, hasn't injured his younger brother's chances of achieving a seat in the U.S. Senate. If it hasn't shifted any votes to Ted, it certainly helped to solidify those he already had.

Governor John A. Volpe is a solid favorite to gain General fight. reelection to a second term and beat back the determined challenge of Endicott (Chub) Peabody although there is some evidence that Peabody has been closing in on Volpe and that their race may be tighter than the Volpe camp believs it is.

A victory for Peabody would be a definite upset, but it is not beyond the realm of political possibility. Up-to-the-moment surveys indicate that Volpe is leading Peabody by between 50,000 and 100,000

That conclusion is disputed by both the Volpe and Peabody camps. Volpe lieutenants predict that the Governor will defeat Peabody by a greater plurality than the 131,000-vote margin by which he won over Joseph D. Ward two years ago. Next Tuesday night may prove them right, but this writer's survey indicates a closer

The Peabody strategists insist that their man is running on Volpe's heels and will catch him by election

While public opinion has pretty well jelled, some voters are still undecided on whom they will pick be-tween Volpe and Peabody. They represent an important factor. A small percentage shift of the decided voters

The Cuban crisis probably reacted to Volpe's political advantage for two reasons.

One is that in time of emergency there is a tend-ency not to change horses and to let the man in office there if he is doing a creditable job. The second was that it slowed down Peabody's drive when it appeared to be gathering momentum and picking up speed.

The appraisal this observer would make of the gubernatorial battle is that Volpe has a slender lead, that he should be able to hold it, but that he and his supporters may have some uneasy moments when the returns are being reported Tuesday night.

Endicott Peabody has made a hard fight. He's a campaigner of unlimited energy. He's a stronger candi-date than Ward was in 1960. He may draw Republican votes which no one expects him to get. It would be foolhardy to count him out.

But Volpe, after two years in the Governorship, is much better known and has far greater stature today than he did two years ago.

High stakes will be riding on Tuesday's election for Volpe. If he wins reelection in decisive fashion while Ted Kennedy is capturing a Senate seat in a landslide, Volpe will be projected into the forefront as a serious contender for a place on the Republican national ticket in 1964.

Representative Francis W. Perry of Duxbury, whose one-man probe of the State Waterways Division exposed shocking scandals and attracted state-wide attention, and Attorney Francis X. Bellotti of Quincy appear to be engaged in a neck-and-neck race for the Lieutenant Governorship, with the outcome a tossup. Polls and surveys on this contest have produced

confusing and conflicting returns.

On the acclaim he received for his work in exposing sweetheart parking deals and a scandalous waste of public funds by the Waterways Division, Perry should be rated the favorite.

"Yes."

Perry is not a political glamor boy. But he is probably the outstanding member of the House of Representatives. He can stand before the voters and show that in a period of four years he saved the people of Massachusetts \$650,000 by the deals he was responsible for stopping. Whether that makes an impact on the voters is a question next Tuesday night will answer.

The Perry-Bellotti battle seems even closer than the Volpe-Peabody fight. Its outcome might de-

pend on 11th hour developments and the impression the opposing candidates make in the final days before election.

# Daniels Marking Estate Planning Quarter Century

Donald L. Daniels of Newon is this month observing the 25th anniversary of his en-trance into Estate Planning. Joining the agency force of the Equitable Society just a few months after his graduation from Brown University in 1937, he embarked on a career in life underwriting while studying corporation finance, law, trusts, taxes and invest-ments at Boston University in preparation for the C.L.U. de

gree.
Following his separation from the Air Force in 1946, he was promoted to supervisor of Group Insurance develop-ment at the Equitable. In January, 1954, Continental Assurance Company, a major Chicago life and health underwriter, selected Mr. Daniels to be its general agent in Greater Boston, In this canacity the Daniels organization serves to aid many prominent insurance brokers in develop-

ing large and unusual cases.

Last year the offices were oved to Chestnut Hill, where Mr. Daniels and his associates now provide consulting services not only in life and health underwriting, but also Actuar-ial studies in the growing fields of pensions and profit sharing for individuals and business firms.

running game, with left halfback Steve Carroll gaining 100 yards on 16 carries. Carroll was a standout on the stormy afternoon. He scored one of Newton's touchdowns on a 10-yard pass from quar terback Mickey Beard who, incidentally, plunged across for the second Tiger TD.

Even with Manuel's spec-tacular bombing attack, Newton would have come closer to a victory except for two costly holding penalties which stopped Tiger

threats. One holding penalty came when Newton was driving toward the Beverly goal line, With fourth down and one yard to go on the Beverly 34vard line. Carroll sped off tackle to the Beverly 23-yard line only to have a holding nenalty set the Tigers hack to midfield where Beard was forced to punt.

The other holding penalty came after Newton had ad-vanced to the Beverly 18-yard

What the score might have been except for those two damaging penalty as-sessments can only be a matter of conjecture.

Notwithstanding the score the Newtonites gave a good account of themselves. A score of Tigers played well and never stopped fighting.
In addition to Carroll, Mickey Beard, Marty O'Gorman and Dennis Maxwell played well on the offence. Davie Bliss and Pete Shattuck com-

bined to rush an attempted punt by Manuel and force a Steve Woodruff, Newton's right guard, was injured in the first half of the game, underwent an operation for the removal of his spleen and will be out for the re-

mainder of the season. Newton rates a heavy favorite to topple Brockton.

The Tigers scored an upset win over Brockton which last Saturday crushed Waltham 24-0.

# Halloween Affairs, Success Despite Rain, Draw Praise From All Sides

Newton's 22nd consecutive observance of Halloween drew high praise for the parents and other vol-

unteers who contributed to its success.

Its dual purpose—fun for the youngsters and decreased vandalism—was accomplished despite adverse weather conditions, it was agreed by all concerned.

Mayor Donald L. Gibbs this the kind of city we all alled the success of the parcalled the success of the parties "a tribute to all those parents who gave so much of their time and talents." He expressed thanks to Dr. Emer-son Sylvester, the general chairman of the affairs, and to the many members of the Recreation Department staff who worked tirelessly on the overall program. Also, he paid tribute to the role played by the Chamber of Commerce to the end that the city's young people were assured "a safe, gala evening long to be re-membered."

"Once again," the mayor declared, "Newton people have demonstrated their unique ability to work for a common community effort, exhibiting

Recreation Commissioner John B. Penney, after visiting 25 afternoon and evening par-ties, said he was impressed by the great number of volun-teers involved, and by the complete coverage of the city It was the best celebration in 22 years, in the opinion of Dr. Sylvester. "Again this year the emphasis was on family participation," he observed. "Entire families worked together to make this one night a night of all nights."

to increase his capabilities

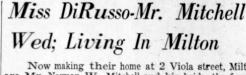

The challenge facing today's businessman is great. He must keep up-to-date, must look far ahead and be ready with new ideas in this changing world.

Many have found their capabilities in this direction have been enlarged as a result of their understanding of the truths contained in Science and Health with Key to the Scriptures by Mary Baker Eddy.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

Then he woke up again, ne was back in the race. His candidacy nad come to life. He was running Peabody step for step and stride for siride. He nad returned from the political dead.

With 40 precincts to be heard from, Peabody's lead had been narrowed to 5,000 votes. Then Peabody spurted. With 10 precincts to come, Peabody had lengthened his lead to 6,000 votes. Big vote totals suddenly came in for Volpe. The margin melted.

With one precinct in Easton still to report its total, Peabody led by 280 votes. That was when the experts succumbed to screaming attacks of the heebie-jeepies, and they called the men in the white coats to take over the situation.

At 3 o'clock Wednesday morning Peabody thanked the people of Massachu-setts for electing him Governor (after the experts assured him that the voters had done exactly that).

Peabody announced that he would take a short rest over the coming weekend and then return to start work on the State's next budget. He already was weighing the problems he would as-

Now Peabody's problem is to win back the election he thought he had won, and he is facing the monu mental task of a state-wide recount.

Except for Volpe's amazing comeback after he was counted out and his political requiem had been sung, the election pundits probably would be report-ing that the Democratic tide which rolled across Massachusetts in Tuesday's election all but wrecked the two-party system in the State.

Now the uncertainty surrounding the Volpe-Peabody struggle and the fact that Volpe still may he reelected may save the GOP from disaster which seemingly had engulfed

If any election ever de-monstrated the importance of a single vote—the possible significance when a few persons decide they won't take the time to go to the polls—this was it.

The dramatic windup of the contest between Volpe and Peabody served to pull the spotlight of public attention away from the impressive victory scored by Edward M. (Ted) Kennedy as he swept to election in his quest for a seat in the

U. S. Senate. Surviving GOP politicos are likely to experience nightmares in the months ahead as

A remarkable thing about the drive Ted Kennedy made for the Senate was that he didn't utter a word of criticism against his opponent in either the primary or the election campaign.

Even when he was engaged in debates and was himself being attacked, Ted concentrated on his own position ap-proach, and his meetthe-people campaign was something to behold.

Congressman Laurence Curtis Curtis probably would have made a stronger fight against Kennedy than the State. In any event George Lodge was able to mount. The margin in a Kennedy - Curtis fight the State government. might have been closer. But the difference would have been academic for Kennedy would have prevailed, and Lodge was not a soft opponent.

Edward M. Brooke surged to a very impressive victory in winning election as Attorney General.

If the recount finally should show Peabody the winner over Volpe, Brooke by virtue of his status as the lone Republican holding State Constitutional office in Massachusetts would become the titular head of the GOP.

If Volpe emerges the victor from the recount, he will remain the head man of the Republican party in Brooke now assumes a position of great importance in

fact that in the rush of election night the returns from one precinct in the 5th Middlesex district were eously counted in the totals for the four candidates in the 4th district.

You stamp the body panels from heavy-gauge Swedish steel. Then you weld them into a rock-like unit so the

the Newton team in flawless fashion, punted well and in-tercepted a Waltham pass. As one wag observed, he did just about everything except collect tickets.

To be more specific, Beard carried 11 times for a total of 107 yards, passed for a to-tal of 135 yards, completing three of eight passes, and punted twice for a total of 65 yards.

Beard played only about three quarters of the game, retiring to the bench early in the fourth period. Ken O'Con-nell was at the Newton helm when Fred Margarian broke on a 29-yard run for the final tally.

Earlier, Beard flipped a flat pass to Marty O'Gorman which enabled that fleet youngster to speed 81 yards for a touch down. Beard tossed two-point conversion passes to Jeff Hicks, Tom Mechem and Steve Carroll.

The win over Waltham gave the Tigers a record of four victories and three de-feats for the season and buoyed Newton hopes for the season finale with a powerful Brookline High team.

Coach Jim Romayne had words of high praise for the defensive play of Jeff Hicks, Ken O'Connell and Tom Mechem as well as for centre Bill Hallstead who helped to the stage for Beard's 32yard touchdown run.

The Newton South-Framingham game was a thriller right down to the wire. South's touchdown by Tsiumis climaxed an 86-yard

In the dying moments of the game Framingham moved to South's nine-yard line. A rush, a pass and an incom-plete pass lost Framingham a total of four yards. On fourth down Framingham quarterback Joe Donnelly tossed a pass to Dick Elland standing in the end zone.

It looked like a touchdown for Framingham which would have tied the game, with the possibility that Framingham might convert for an extra point or two and pull the contest out of the fire.

But Bob Primack and Bob Kiley flashed across to bat down the pass. South took over the football with just seven seconds remaining to play, and South's rooters

play, and south's rooter's heaved a hugh sigh of relief.

South has lost but one game this year. That was to Wellesley when it was unable to contain Ray Ilg.

Coach Winkler summed up the situation nicely when he

the situation nicely when he declared that the keynote of the game was the fact that Newton South refused to

The Body Wave is a form of per-nanent waving used on hair that ither has a little natural wave of lair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and sesilency to the wave as to make the hair seem naturally wavy and remarkably easy to put up. It is for hair to which the ordi-mary permanent wave (however soft) gives too much curl.

About 50 patients must dinner. They are on special diets and can't cope with a drumstick now. Others must wait a few years, since they are too new in the world. Six daily bottles of infant formula currently are more nourishing to them than all the cranberries and dressing in Massachusetts.

Preparing and serving ove 300 Thanksgiivng dinner: takes lots of planning, according to Miss Mary Kennedy of Quincy, chief dietician at the hospital. Her recipe calls for 350 pounds of turkey, 15 pounds of cranberries, 60 pounds of potatoes, 100 pies 100 pounds of squash, two gallons of stuffed olives, and

"The big meal at the hos "The big meal at the hos pital is served at noon," she reported. On Thanksgiving, our cooks have the ovens lighted by 3 a.m. That's so the turkeys will be golden brown and ready for carving shortly before noon."

In all, five cooks and a baker staff Miss Kennedy's kitchen. Another three dozen people are needed to place the dinners into portable steam carts, deliver them throughout the block-long builidng, and transfer them

onto serving trays.

In the patient areas, meals are served by hospital personnel, or by volunteers who take time on the Holiday to help in the hospital. Miss Kennedy noted that a special touch is supplied by unique tray favors prepared this year by the United Synagogue

Youth of Newton Centre's Temple Emmanuel, a group of 18 ninth grade girls. Motivating everyone at the community hospital is a de sire to keep Thanksgiving a special day for people unable to be home. The smiles, the atmosphere, even the attractive tray covers seek to en courage people to get well. In every way possible, people at the hospital try to make it a good old-fashioned Thanksgiving.

However and wherever it is observed, Thanksgiving, 1962, promises to be one of the best and most festive. House, and Bradley, a Democrat, noses out Fisher, a Re publican, for the seat on Bea-con Hill being vacated by vet-eran Representative George E. Rawson.

The totals reported in last week's Graphic for the four contenders were 9083 for Whittemore, 8005 for Bradley, 7825 for Fisher and 7112 for Guzzi.

The only candidate to gain votes on the recount was Guzzi, whose total increased from 7112 to 7155, a pickup of 43 votes.

Whittemore dropped from 9083 to 9065, a loss of 15. Bradley's total was cut from 8005 to 7962 as a result of the recount, while Fisher's total vote dropped from 7825

On the whole, the original tabulation of the vote proved to be reasonably accurate since some minor mistakes, invariably occur in the rush of election night.

Despite the fact that 18,581 ballots were counted, the greatest shifts were a 43vote loss for Bradley and a 43-vote gain for Guzzi.

As Governor Volpe observed, it would require a shift of only one vote per precinct to return him the victor over Peabody. Moreover, all the shifts would have to be away from Peabody and to Volpe.

The Governor was right in his assertion that errors occur when polling place workers have been on the job mand. for long periods and gradually become numbed by fatigue as they count paper ballots. Mistakes in the tabulation undoubtedly will be found when the ballots are recounted.

Such errors usually are of a very minor nature. If they are honest mistakes, some will favor Volpe and some Peabody. To a degree they will balance each other off

### Strife in House; Serenity in Senate

A sharp and striking conrast exists as the members of the two branches of the State Legislature prepare for start of the 1963 legislative session on Beacon Hill."

It is a picture of strife and turmoil in one legilsative branch, of political serenity and unchallenged leadership in the other.

A free-for-all battle, in which feeling is bitter and strong, is being waged for the Speakership of the House of Representatives. The final outcome of the struggle for power remains uncertain.

The best outweighted Our Lady's underdog football team could do against mighty St. Patrick's of Watertown as snow fell steadily Sunday on the latter's Victory Field, was to emerge with a 6-6 tie, but it could be viewed as a moral victory.

The Purple terminated its Catholic Suburban

League season on even terms with St. Pat's, having accomplished a 5-0-1 mark for the year 1962.

Meantime, St. Pat's season mark is 4-0-1, and the Watertown Eleven has a Thanksgiving Day game to play with Bishop Fenwick of Peabody. A victory is needed to keep St. Pat's at the league's top with Gus Sullivan's boys. Gus, who was certain prior to Sunday's effort that the

heavier Watertown team would have a distinct advantage in the sloppy going, was a happy coach at the end. "We held them and almost beat them despite the odds," he said. "We got the team effort we had to have, and the boys deserve a tremendous amount of credit. When the chips were down, we stopped them."

### Proposal Would Hike School Aid

Under a new apportionment plan to be submitted to the coming state legislature, this city's share of state school aid would be slightly more than heretofore. Last year it amounted to between eight and 10 per cent of the school

The plan is an outgrowth of report by the New England School Development Council at Harvard. Its cost would be \$123,000,000, approximately \$73,000,000 more than all school state aid programs now

All current programs would be abandoned, under the pro-posal, which would reimburse each community a percentage of its previous school budget, varying from 15 percent to 75 percent, depending on the community's ability, need and ef-

Ability to pay would be figured on updated property values and on a relationship between each community's ability and the average for the state, computed annually.

The number of children in schools, public, private or paro-chial, would measure a community's share, and the total school budget would be con sidered, with additional state aid for every local dollar spent above the state average.

# Political Highlights

There is little doubt, for example, that the Democratic State Committee is in need of an overhaul and revitalization. It doesn't function as an official Democratic State organization.

Yet, the time for Peabody to undertake to ree it is after he is officially declared the newlyelected Governor, not on the eve of a recount sought to challenge his election.

Representative Gerard F. Doherty of Charlestown should make an excellent chairman of the Democratic State Committee. He displayed both his ability as an organizer and his qualities of leadership while serving as campaign coordinator for Edward M. Kennedy. He is one of the most promising young leaders of the Democratic party in Massachusetts.

#### **Newton Stuns Brookline** With 8-0 Upset Victory

Newton High School's dogged and determined foot-ball team scored one of the big upsets of the schoolboy gridiron season as it stunned Brookline 8-0 before an overflow crowd of almost 10,000 at rain-soaked Dickinson Stadium in the annual Thanksgiving meeting between the two schools.

Speedy Steve Carroll splashed 21 yards for the only touchdown of the contest, and quarterback Mickey Beard swept across for the two-point conversion.

It was Newton's first triumph over Brookline since 1955 and the first winning season for the Tigers since 1958.

Coach Romayne's charges wound up the season with an overall record of five victories and three defeats and a record of four wins and one

#### Mayor Plans-(Continued from Page 1)

One is on Rumford avenue

in West Newton. The second is on Eliot street in Newton Highlands.

The consultants have reported that it would cost between \$80,000 and \$100,000 more to build the incinerator on Rumford avenue than it would to erect it on Eliot street.

How ever, it is understood that Rumford avenue is now considered the No 1 choice as a location for the incinerator.

Mayor Gibbs is planning to

press for speedy action on the incinerator bond issue.

He feels there is an urgent and pressing need for the con-truction of an incinerator

omewhere in Newton. The Mayor points out that the existing incinerator on Pine street, which is operating 24 hours a day, is inadequate to meet the city's needs. Collection costs have risen sub-

stantially. Mayor Gibbs has told the Aldermen during his informal meeting with them that the proposed new incinerator proposed new incinerator should last for 25 years and that \$2 million spent for it would be a sound investment.

The Mayor also has de clared that the operation of the incinerator would make possible substantial savings in trucking costs.

with THE HAPPY WANDERER, a march written expressly for them by

Frederich Wilhelm Moeller. Mr. Moeller and his sister, Miss Edith Moeller, were instrumental in founding the now world-famous choir. Miss Moeller, a trained social worker, conceived the idea as a fund raising attraction to raise money for an orphange for childlren made homeless by the war. However, the success of the project grew beyond all expectatations. the result that since 1949 when was founded, the choir (with replacements, of course as the children have grown up), has toured most of the up), world, and is now on its seventh visit to the United States.

On tour the group is or ganized into four "families" with an older boy and girl in charge of each "family", and these "parents" take care of most of the problems, calling only when necessary upon one of the four adults, of whom Miss Moeller is head. Rising time is governed by the bed-time of the night before, and every effort is made to secure an abode close to the concer hall. This was deemed particularly necessary in Newton, where they will be housed a the Charterhouse Motel, as the Community Concerts Association has planned a reception for the children in the gymna-sium of the school after the concert, to which the member ship is invited.

feel that it will work because it is unique in four ways: 1.—It begins in the school grades rather than at a higher level, and serves as a

constructured science program for public school children. -It begins at the school site rather than being drawn up on paper first and then moved to the schools.

3.-It shows concern for the titudes and abilities of children and teachers.

4.—It brings together, per-haps for the first time, educators from all levels (kinder garten through college) who assume equivalent responsibility for planning, evaluating and executing a program of science that will have meaningful and lasting effects on

Meadowbrook Students Add To Orphan Support

Students at Meadowbrook Junior High School, whose per sonal donations, added to pro ceeds from various schol tivities, have combined provide support for orphans who otherwise would suffer from oppressive poverty, are about to adopt a third child. Ever since the Student Council was established,

money has been set aside for the purpose. Originally, the students took on responsibility for two boys, one from Mexico and the other a Korean. But recently one youngste was adopted by a Mexican family, and the other entered college, so two young girls were placed in charge of the Meadowbrook students — Yee Boon Hee of Korea and Angela Belza Ayala of Mexico, both of whom lost their fathers young in life. The Korean girl's mother had a nervous breakdown and dese child. The little Mexican's mother could not support all of her children. Both girls were given refuge at homes

supported by the Christian Children's Fund. The school treasury did so well last year that the council has taken steps to adopt a third child in the Union of South Africa. As yet his name

is not known.
A typical letter that brought realization that their money was well spent was which the writer said: "I am happy because you pray for me in so far away a place, and help me kindly. I shall never forget you."
